IMPORTANT PLAN INFORMATION

We are pleased to provide information about the Cigna Dental Care® (DHMO[1]) plan. This plan offers a full range of benefits through a network of plan dentists.

Important details

During open enrollment, you will need to select a Cigna Dental Care Access Network General Dentist. If you or covered family members would like to change your general dentist, you can do so following the instructions in this brochure. For children under the age of 13 you may choose a network pediatric dentist. If you need assistance in changing your dentist, contact Cigna at **800.Cigna24**.

- You will pay the copay amount listed on your Patient Charge Schedule (PCS) for covered dental services performed by your network dentist.
- If your Network General Dentist does not perform the specialty care procedure you need, he/she can direct you to a participating network specialist.
- Procedures not listed on your PCS are not covered and are the patient's responsibility at the dentist's usual fees.
- Referrals are required for specialty care services, except for pediatric dentists for children under 13 and orthodontics.
- Remember: If you seek covered services from a dentist who does not participate in the Cigna Dental Care Access network, your plan will not pay except in the case of an emergency, or as required by law.

What's covered

You can save money on a wide range of services, including:

- **Preventive care** – cleanings, fluoride, sealants, bitewing x-rays, full-mouth x-rays and more.
- **Basic care** – tooth-colored fillings (called resin or composite) and silver-colored fillings (called amalgam).
- **Major services** – crowns, bridges, dentures, root canals, oral surgery, extractions, treatment for periodontal (gum) disease and more.
- **Specialty care** – referrals are required for specialty care, except for pediatric dentists for children under 13 and orthodontics.
- **Orthodontic care** – coverage for braces for children and adults.
- **General anesthesia** – when medically necessary.
- **Temporomandibular joint (TMJ)** – diagnosis and treatment procedures, including cone beam x-ray and appliance.

Plan features:

- **No deductibles** – you don't have to reach a certain level of out-of-pocket expenses before your coverage kicks in.
- **No calendar year maximums** – your coverage isn't limited by a calendar year maximum.
- There are **no claim forms** to file when using network dentists and **no waiting periods** for coverage.
- Coverage for dental conditions that exist at the time you enroll in the plan are not excluded if they are otherwise covered under your PCS. Treatment started before your coverage begins will generally not be covered. If you or a family member started orthodontic treatment before you joined the Cigna Dental Care plan, your plan may help pay for covered costs. See page 6 for more information.

YOUR QUESTIONS ANSWERED

Q: How does the Cigna Dental Care (DHMO) Plan work?

A: When you enroll in the Cigna Dental Care (DHMO) plan, you will be able to select a Cigna Dental Care Access Network General Dentist during open enrollment. You then receive a Patient Charge Schedule, or PCS, that lists the specific dental procedures covered by the plan and the amount you will pay the dentist (your copays). These copays apply only when you receive treatment from the dentists or dental specialists in our Cigna Dental Care Access network.

If a dental procedure is not listed on your PCS, it is not covered and you will have to pay according to the dentist's regular fees. If you receive a covered service from a dentist who does not participate in the Cigna Dental Care Access network, your dental benefits may not be covered at all. You can take your PCS to dental appointments to discuss treatment options and costs with your dentist (but it is not required).

Q: How do I change my Network General Dentist?

A: You can find a Cigna Dental Care Access network dentist by visiting **Cigna.com** or go to your personalized website at **myCigna.com** after you sign up. If you need help finding a dentist, you can call the customer service number below and request to have a list of providers mailed, emailed or faxed to you. You can change your network dentist at any time; changes made by the 15th of the month will go into effect the first of the following month. Remember, if you visit a non-network dentist, your treatment may not be covered at all.

If you'd like to speak with someone, call customer service at **800.Cigna24**. You can also follow the phone prompts to use our automated Dental Office Locator. The automated system will speak the names of the dentists in your area, mail, email or fax a list of dentists to you.

Q: If I'm new to the Cigna Dental Care Plan, can I keep my current dentist?

A: That depends. If your current dentist participates in the Cigna Dental Care Access network, you can choose him/her as your Network General Dentist. You can look online at **Cigna.com** to find out, or ask your dental office directly. Sometimes, Cigna's online Dental Office Directory may show that your dental office is not accepting new patients. If this happens, please contact customer service at **800.Cigna24** for assistance.

Q: Do I need a referral to visit a dental specialist?

A: Yes. If you require specialty care, your Network General Dentist will refer you to a network dental specialist – and handle any paperwork. Referrals are required for all network specialists, except orthodontists and pediatric dentists.

Q: Do I need to show my ID card when I arrive at the dentist's office?

A: No. ID cards are not required to use the plan. When you call to schedule your appointment, just let your selected Cigna Dental Care Access network dental office know that you are covered under the Cigna Dental Care Plan. If for some reason the dental office does not see your name on its list of Cigna Dental Care customers, they can call us to verify. You can also call customer service at **800.Cigna24** if you need more help.

Q: When do I have to pay the dentist?

A: That depends on the financial arrangement between you and your network dentist. We encourage you to discuss costs and payment arrangements for dental treatment with your dentist before you receive care. Most dentists will work with their patients to arrange payment plans for more costly treatments.

Q: Do I have to submit a claim to Cigna after I receive treatment?

A: No. Your network dentist will do that for you. The only exceptions are emergency care received out of your service area. For details, please refer to the section concerning emergency care.

Q: Are braces covered?

A: Yes. A lifetime maximum benefit of 24 months of interceptive and/or comprehensive orthodontic treatment is covered as shown in the PCS. Cases beyond 24 months may require additional payments by

the patient, which are based on the dentist's contracted fee and may be different from the copay listed in the PCS. If you or your family member started treatment before you joined the Cigna Dental Care plan (called "orthodontics in progress"), your new coverage may help pay some of your orthodontic costs. After you enroll, your orthodontist can complete a standard Orthodontics in Progress form or you can get one by calling Cigna customer service at **800.Cigna24**. To complete the form, you must know the phase of treatment and the number of months of treatment you have left when your new Cigna plan starts.

Q: What if I have a dental emergency and can't get treatment from my Cigna Dental Care Access network dentist?

A: Emergency services: If you are out of your service area or unable to contact your Network General Dentist, you may receive emergency services by any licensed dentist for unexpected but necessary services. Emergency services are limited to relieving severe pain, controlling excessive bleeding and eliminating serious and sudden ("acute") infection. Routine restorative procedures or definitive treatment (e.g., root canal) are not considered emergency care and you should return to your Network General Dentist for these procedures.

Emergency care out of your service area: For emergency covered services, you will be responsible for the Patient Charges listed on your PCS. Cigna Dental will reimburse you the difference, if any, between the dentist's Usual Fee for emergency covered services and your Patient Charge, up to a total of $50 per incident (this amount may vary by state). To request reimbursement, send the dentist's itemized statement to Cigna Dental at the address listed for your state on your plan materials.

Emergency care after hours: There is a copay listed on your PCS for emergency care received after regularly scheduled office hours. This copay will be in addition to other copays that may apply.

Cigna Dental Oral Health Integration Program®

What is the Cigna Dental Oral Health Integration Program[7]?

It's a program that reimburses out-of-pocket costs for specific dental services used to treat or help prevent gum disease and tooth decay. The program is for people with certain medical conditions that have been found to be associated with gum disease. There's no additional cost for the program – if you qualify, you get reimbursed!

Do I qualify?

If you have a Cigna dental plan, you're eligible for the program. You do NOT have to be enrolled in a Cigna medical plan to be eligible for this program. You must currently be under treatment by a doctor for any of the following conditions:

- Rheumatoid Arthritis
- Heart disease
- Stroke
- Diabetes
- Head and neck cancer radiation
- Maternity
- Chronic kidney disease
- Organ transplants
- Sjogren's Syndrome
- Lupus
- Parkinson's Disease
- Amyotrophic Lateral Sclerosis (ALS)
- Huntington's Disease
- Opioid Misuse and Addiction

Using the program is as easy as 1, 2, 3!

Together, we can make sure proper dental care is given to those who need it most.

1. You must fill out the online registration form found on **myCigna.com**[8]. You can also call the number on the back of your ID card to have an enrollment form sent to you. You only need to complete the form one time per qualifying condition, except for maternity.
2. Once you're logged in on **myCigna.com**, click "Review my Coverage" then select "Dental" from the drop down menu. Next, from the "Related Links" section on the right side of the page, select "Cigna Dental Oral Health Integration Program Registration Form." Fill out the form and click "Submit".
3. Visit your dentist and pay your usual out-of-pocket cost for the covered service. We'll send your reimbursement.

How does it work?

When you visit your dentist, you will pay your usual out-of-pocket costs (deductible, copay or coinsurance amount). As a reminder, your copay is the fixed amount you pay for covered services, and your coinsurance is the percentage of costs you pay for covered services. Next, your dentist will send Cigna a claim. We review the claim and will refund your out-of-pocket costs for eligible dental services. Once we receive your claim, you can expect to be reimbursed in about 30 days. You must enroll in this program prior to receiving treatment to be eligible for reimbursement.
