

Choose smart. Look for the Tier 1 blue dot.

Choosing a care provider can impact the quality and cost of care you receive. At UnitedHealthcare, we've made it easier for you to find doctors who are right for you and your family.

Find quality, cost-efficient care

Studies show that people who actively engage in their health care decisions have fewer hospitalizations, fewer emergency visits, higher utilization of preventive care and overall lower medical costs.

You can take an active part in your health by seeking out and choosing a Tier 1 provider when you need care.*
